

Roosevelt Elementary School Newsletter February 2008

Dear Parents and Guardians,

Conference time is here! Every child has a special timeslot reserved for a meeting with parents and teachers. That's 295 children who are very important to the Roosevelt Staff. Conferences will be held on Tuesday, February 4 and Thursday, February 5 from 5:00 p.m. till 9:00 p.m. There will be No School on Friday, February 5. Children in grades 3-5 are required to attend conferences. I am always in the office area or in the hallways during conference time—please stop in to visit.

Sincerely,

Nora M. Porupsky, Principal

Parent Tip: How to Raise Test Scores

Research has proven that families who eat dinner and spend time discussing a school day have a direct influence on improving test scores. Family time and conversation is a great way to set the expectation for improving in school work and giving your best every day!

Booster Club Fundraiser—We APPRECIATE YOU!

The Booster Club raised \$4600 in profits from the cookie dough sale. The Boosters have designated \$2000 towards our school clubs, activities, and fees for special field trips. In addition, \$2000 has been earmarked for the library/technology needs of our school. We are looking for grants to support a match for a Smart-Board for the school. Money from the fundraiser was used in December for taking the school children to the movies. A very special THANK-YOU to everyone for your support and hard work!
