

## Instructions for using Note identification in Online Music Theory

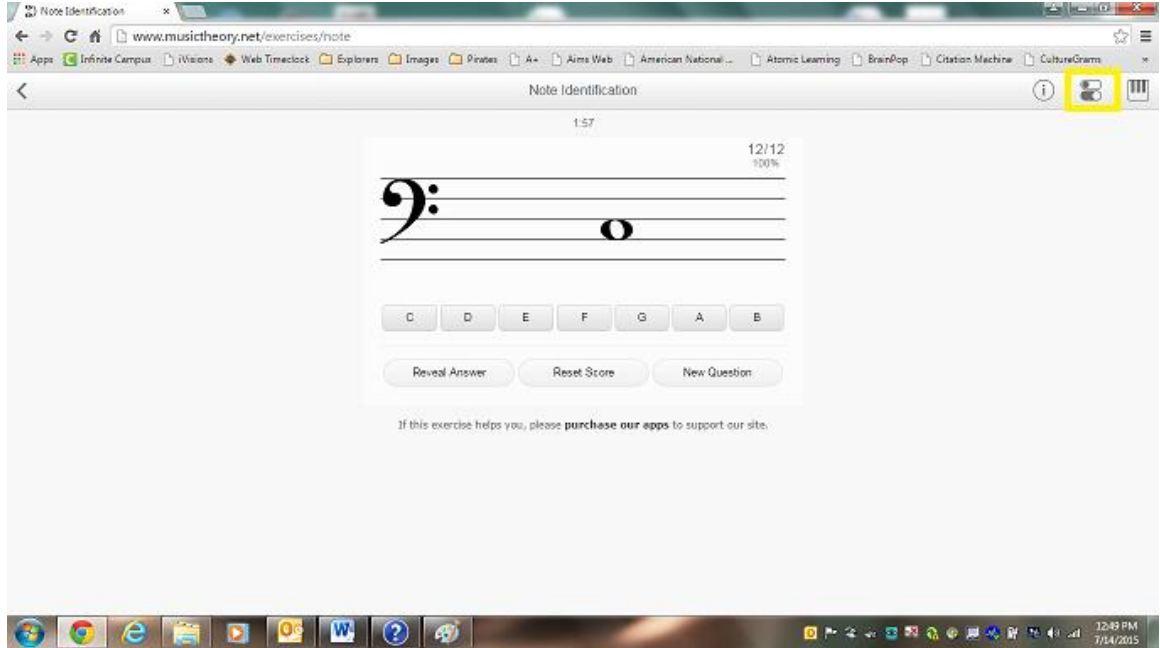

1. Go to [www.musictheory.net](http://www.musictheory.net).
2. Click on the **Exercises** tab at the top of the page

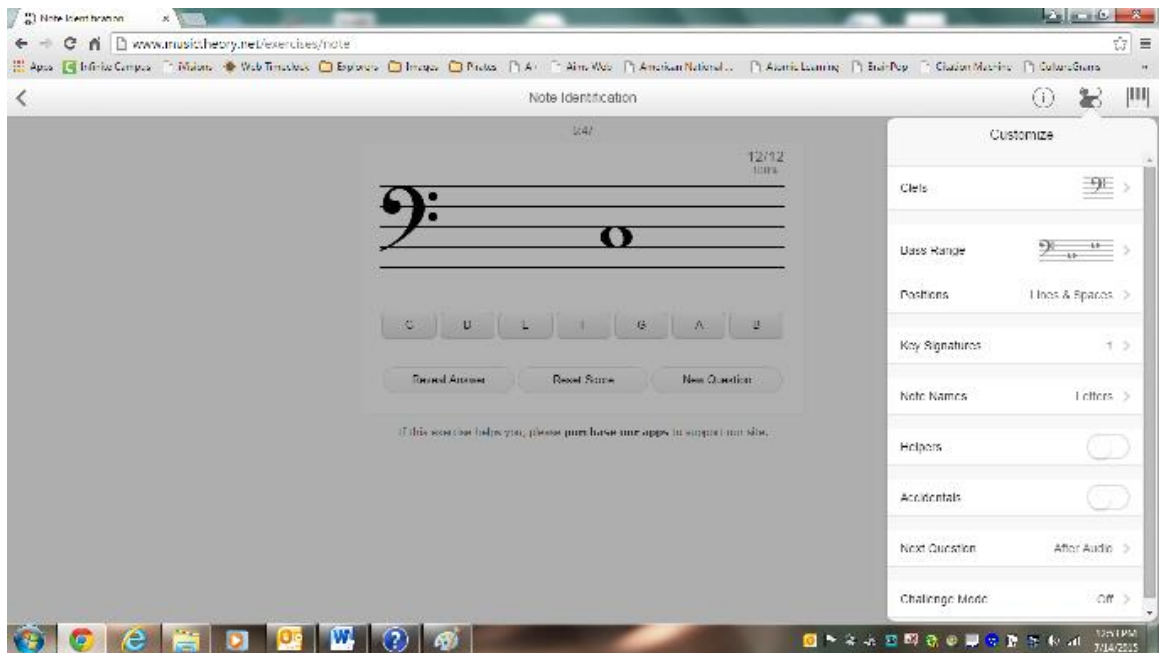

3. Click on **Note Identification**.

4. Click on the customize icon to customize your exercises.

5. Select your clef, select the range of notes that you know, and turn off accidentals.

6. Click on main part of screen to close customizing window.
7. Begin Exercise – identify notes by clicking on the correct name.
